To Whom It May Concern

## **Re. ECOS Paints' HPDs**

In preparation of its HPDs, Imperial Paints worked with an independent second party to obtain full ingredient formulation disclosure, to address both intentionally added ingredients and residuals or impurities. During this process, it was determined that no residuals or impurities above 100 ppm (0.01%) are present in the ECOS products listed below:

ECOS Eggshell White Base Paint	ECOS Interior Semi-Gloss White Base
ECOS Interior Gloss White Base	ECOS Clear Gloss Varnish
ECOS Clear Satin Varnish	ECOS Interior Eggshell Dark Base
ECOS Interior Gloss Dark Base	ECOS Concrete Sealer
ECOS Interior Matte Dark Base	ECOS Interior Matte White Base
ECOS Atmosphere Purifying White Base	ECOS Passivating Primer
ECOS Interior Wall Primer	ECOS EMR Shielding Paint
ECOS Universal Primer	ECOS Chalkboard Paint
ECOS Interior Eggshell White Base KP	

For further information, please contact ECOS Paints directly.

Yours faithfully,

ECOS Paints
